

# Our Water Future in the Salinas Valley

## PLANNING FOR UNCERTAINTY

The Salinas Valley depends on groundwater for domestic and commercial use as well as to irrigate crops that feed the world. It is a vital resource that we have a shared responsibility to protect and manage. Five community workshops will be hosted across the Salinas Valley in April and May 2024.

<b>4/12</b>	<b>Castroville</b>	<b>North County Recreation and Park District</b> 11261 Crane St Castroville, CA 95012
