P.O. BOX 1065
OFFICE: 11499 GEIL STREET
CASTROVILLE, CA 95012
FAX (831) 633-3103

President – David Lewis
Vice President – Ron Stefani
Director – Adriana Melgoza
Director – Silvestre Montejano
Director – Betty MacMillan

24-HOUR TELEPHONE: (831) 633-2560

General Manager – Eric Tynan
Board Secretary – Lidia Santos

AGENDA REGULAR MEETING OF THE BOARD OF DIRECTORS TUESDAY, November 18, 2014 – 4:30 P.M. DISTRICT BOARD ROOM – 11499 GEIL STREET

In compliance with the Americans with Disabilities Act, if special assistance is needed to participate in the Board meeting, please contact Lidia Santos, Board Secretary during regular business hours at (831) 633-2560. Notification received 48 hours before the meeting will enable the District to make reasonable accommodations.

CALL MEETING TO ORDER

AGENDA, Page 2
November 18, 2014
CASTROVILLE COMMUNITY SERVICES DISTRICT

PRESENTATION:

1. Hinricher, Douglas & Porter, Certified Public Accountants to present audit report for fiscal year ended June 30, 2014 – Gary Porter and Brian J. Cousino, CPA's

UNFINISHED BUSINESS:

1. Resolution No. 14-4, A Resolution of the Board of Directors of the Castroville Community Services District to Accept Audit Report for Fiscal Year Ended June 30, 2014, as Prepared by Hinricher, Douglas & Porter, Certified Public Accountants – **motion item**
2. Update on well levels – Eric Tynan, General Manager
3. Update on Prop 84: Well 5 Arsenic Treatment project – Eric Tynan, General Manager
4. Update on Mural project for Castroville walkway over Highway 156 – Eric Tynan, General Manager
5. Update on tax measure for North County Recreation and Park District (NCRPD) – Eric Tynan, General Manager
6. Update on Castroville overhead sign – Eric Tynan, General Manager
7. Update on the site review of the infrastructure deficiencies of the Pajaro County Sanitation District – Eric Tynan, General Manager

NEW BUSINESS:

1. Review current Moss Landing Wastewater Treatment Capacity Allocation Plan – **motion item**

BOARD OF DIRECTORS COMMUNICATION: When needed, this time is reserved for the Board of Directors to communicate activity, educational classes, and/or Committee reports.

1. Update on MRWPCA board meeting – Ron Stefani, Director
2. Update on Oversight board meeting – Ron Stefani, Director

GENERAL OPERATIONS:

1. **General Manager's Report** – Compliance Update, Current Projects Update, Seminars Update, Staff Update, Suggestive Projects Discussions
2. **Operation's Report**
 - a) Water – Pumpage & Usage Update, Water Testing Update, Current Installation
 - b) Status Update, Current Contractor Work Update, Maintenance/Repair Update, Customer Service Update, Safety Issues
 - c) Sewer & Storm Drain – Jetting, Current Installation Status Update, Current Contractor Work Update, Maintenance/Repair Update, Customer Service Update, Safety Issues
3. **Customer/Billing Reports** – A/R Update, Water Sales, Water Usage
4. **Financial Reports** – Treasures Report-L.A.I.F., ****Internal Report**** and Administration Update

LIST OF CHECKS – October 2014 – motion item

AGENDA, Page 3

ITEMS FOR NEXT MONTHS AGENDA: Tuesday, December 16, 2014 at 4:30 p.m.

CLOSE:

Adjournment to the next regular scheduled Board Meeting – **motion item**

All public records relating to an agenda item on this agenda are available for public inspection at the time the record is distributed to all, or a majority of all, members of the Board. Such records shall be available at the District office located at 11499 Geil Street, Castroville, California.

Certification of Posting

I certify that on November 14, 2014, I posted a copy of the foregoing agenda near the regular meeting place of the Board of Directors of the Castroville Community Services District, said time being at least 72 hours in advance of the meeting of the Board of Directors (Government Code Section 54954.2).

Executed at Castroville, California, on November 14, 2014.

Lidia Santos, Board Secretary

THE OFFICIAL MINUTES OF THE REGULAR BOARD MEETING OF
CASTROVILLE COMMUNITY SERVICES DISTRICT
October 21, 2014

President David Lewis called the meeting to order at 4:32 p.m.

ROLL CALL:

Directors Present: President David Lewis, Vice President Ron Stefani, Director Adriana Melgoza, Director Silvestre Montejano, and Director Betty MacMillan

Absent: None

General Manager: Eric Tynan

Secretary to the Board: Absent-Lidia Santos

Staff Present: Guadalupe Ibarra

Guest:

DRAFT

PLEDGE OF ALLEGIANCE

No Director led the Pledge of Allegiance; it was unconsciously overlooked.

PUBLIC COMMENTS

1. None

CONSENT CALENDAR

1. A motion was made by Adriana Melgoza and seconded by Ron Stefani to approve the minutes of the September 16, 2014 Regular Board Meeting. The motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT			
PARTICIPATING:	0	Directors:	None

Consent Calendar accepted as presented

CORRESPONDENCE:

1. None

INFORMATIONAL ITEMS:

1. The Special Districts Association of Monterey County quarterly meeting is scheduled on Tuesday, October 21, 2014, 6:00 – 8:00 pm at the Shoreline Occupational Services Conference Center-249 10th Street (on the former Ft. Ord)
2. *The Sacramento Bee* – Railroads say California lacks authority to impose safety rules on oil shipments
3. *The Monterey County Herald* – Editorial: Groundwater bill crucial to managing state's water supply
4. *Chico Enterprise-Record* – Editorial: Water law takes a new and scary turn
5. *Bay Area News Group* – Gov. Jerry Brown will sign a landmark measure Tuesday to regulate groundwater pumping, enacting the most significant California water law in nearly 50 years
6. *The Los Angeles Times* – The cup's half full without groundwater regulation

Informational items accepted as presented

PRESENTATIONS:

1. None

UNFINISHED BUSINESS:

1. Update on well levels – General Manager Eric Tynan informed the Board that the wells all came up again. Well #2 is up 8 feet and currently 17 feet below sea level, Well #3 is up 28 feet and 37 feet below sea level and Well #4 is up 32 feet and also 37 feet below sea level. General Manager Eric Tynan will continue to update the Board on the well levels at the next board meeting.
2. Update on Prop 84: Well 5 (formerly Well 2B) Arsenic Treatment project – General Manager Eric Tynan informed the Board that the Wallace Group is reviewing different options for the arsenic treatment of Well 5 and will recommend the best solution for the Well 5 arsenic treatment in order to prepare a proposal to put out to bid. As for Prop 84 grant funding, it has been stalled by the Department of Water Resources.
3. Update on mural project for Castroville walkway over Highway 156 – General Manager Eric Tynan reported to the Board as mentioned at the last board meeting, Caltrans is requiring a traffic, air and lead study before making a decision (see pages 22-24 of board packet for specific detail on requirements.) Lead samples would need to be submitted to a lab for testing. This project currently has a budget of \$12,500 and all these additional requirements would likely kill this project. He has requested to Caltrans that they prep the wall instead and is waiting for their response to his request.
4. Update on tax measure for North County Recreation and Park District (NCRPD) – General Manager Eric Tynan informed the board that it would be best to wait until after the November 2014 election to resume informational meetings to discuss the tax measure for the North County Recreation and Park District (NCRPD). The few informational meetings that have been scheduled have had a low turnout and those community members who have expressed interested in attending the informational meetings have been busy with the November 2014 Election.
5. Update on Castroville overhead sign - General Manager Eric Tynan reported to the Board that the traffic plan submitted to Caltrans by Castroville CSD to refurbish the Castroville overhead sign will work but the plan must first be stamped by a licensed engineer for liability purposes. In addition, once the sign comes down it can only go back up in accordance with Caltrans' safety standards. The Castroville CSD will need to also have an engineer's stamped plan verifying the structural integrity of the sign. See page 25 of the board packet for further detail on Caltrans' requirements.
6. Update on Moss Landing Manhole Rehabilitation project – General Manager Eric Tynan notified the Board that the Wallace Group submitted a proposal for 10K to oversee the Manhole Rehabilitation project. Before proceeding with this project with the Wallace Group, he wants to see how they execute the Well 5 Arsenic Treatment project.

NEW BUSINESS:

1. Review draft copy of audit report for fiscal year ended June 30, 2014 prepared by Hinricher, Douglas & Porter, Certified Public Accountants – General Manager Eric Tynan informed the Board that draft copy of the audit report has been enclosed for their review. The accountants will be attending next month's regularly scheduled board meeting to be held on November 18, 2014 to present the audit report for fiscal year ended June 30, 2014 to the Board for approval. President David Lewis and the rest of the Board of Directors were pleased to see that the District received a clean opinion on the audit report.
2. Discuss request from DeepWater Desal to consider annexation into the Castroville CSD sphere of influence – General Manager Eric Tynan reported to the Board that DeepWater Desals representatives have discussed with him that they will need sanitation services in the future and would like to be part of Castroville CSD sphere of influence and would send a letter to the Board making this request. DeepWater Desal's property is located in Moss Landing and currently not included in the sphere of influence for Castroville CSD. After some discussion, the Board stated that the Board cannot take action until a letter making this formal request has been submitted to Castroville CSD. The letter should be received soon and the request will be addressed at the next regularly scheduled board meeting to be held on November 18, 2014.

Minutes of the Castroville Community Services District
October 21, 2014 Regular Board Meeting
Page 3

3. Consider eliminating interest on the Moss Landing USDA Bond for sanitation that was paid-in-full July 1, 2014 by Castroville CSD, which was the effective date of the consolidation of Castroville CSD and Moss Landing County Sanitation District per LAFCO – After some discussion, A motion is made by Ron Stefani and seconded by Betty MacMillan; pending District Legal Counsel Lloyd Lowrey's approval to eliminate interest on the loan and to only have Moss Landing (Sewer, Zone 3) pay-back the principal balance of \$234,000 to Castroville (Sewer, Zone 1) annually in scheduled payments until 2023. See page 26 of board packet for schedule of payments. The motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT PARTICIPATING:	0	Directors:	None

4. Request from Monterey County Resource Management Agency for expressions of interest/qualifications, (REI #PWO2), for the Pajaro County Sanitation District (PCSD) and/or Boronda County Sanitation District (BCSD) – General Manager Eric Tynan provided the Board with a memorandum listing several reasons as to why Castroville CSD should not consider interest to assume ownership and operational responsibility for the PCSD and/or BCSD. Memorandum is on page 27 of the board packet for further review. After some discussion, a motion is made by Ron Stefani and Betty MacMillan not to express interest to assume ownership and operational responsibility for the PCSD and/or BCSD at this time. The motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT PARTICIPATING:	0	Directors:	None

5. Request for proposal from Monterey County Resource Management Agency (RFP #10502) for the maintenance and operation of Pajaro County Sanitation District (PCSD) – General Manager Eric Tynan provided the Board with a memorandum listing several reasons as to why Castroville CSD should not consider the maintenance and operation of Pajaro County Sanitation District (PCSD). Memorandum is on page 29 of the board packet for further review. After some discussion, a motion is made by Betty MacMillan and seconded by Adriana Melgoza not to express interest for the maintenance and operation of Pajaro County Sanitation District (PCSD). The motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT PARTICIPATING:	0	Directors:	None

COUNSEL'S REPORT

1. None

BOARD OF DIRECTORS COMMUNICATION: When needed, this time is reserved for the Board of Directors to communicate activity, educational classes, and/or Committee reports.

1. Update on MRWPCA board meeting – Director Ron Stefani reported that a memorandum of understanding (MOU) has been signed with Monterey County Water Resources Agency regarding the Ground Water Replenishment Project to continue to negotiate an agreement on a source water supply by March 31, 2015. The MOU went before the County Board of Supervisors last week for approval as well.
2. Update on Oversight board meeting – Director Ron Stefani stated that at this meeting they agreed to a six month spending plan for ROPS. They currently have the disposition plan of what the County approved as the successor agency.

3. Update on CSDA Annual Conference; Directors: Ron Stefani and Adriana Melgoza – Director Ron Stefani stated that one of the classes he attended was on the Brown Act. Districts are now required to record in the minutes how Directors have voted. Per President David Lewis Castroville CSD already does this. Director Stefani stated that not all districts do this and will now be required to do so. There is also many other investment institutions out there. Also, Castroville CSD should consider a strategic plan. Director Adriana Melgoza stated CSDA offers a safety program for staff online that would be beneficial to the district staff. General Manager Eric Tynan noted that Castroville CSD employees' already participate in CSDA's Safety Target Solution program. She also attended a class on "How to be a Good Decision Maker" and quickly found out that many board members from other agencies do not get along with each other and many districts commit violations.

GENERAL OPERATIONS

1. General Manager's Report – Compliance update, current projects update, meetings/seminars update, staff update, suggestive projects discussions
2. Operation's Report
 - a) Water - Pumpage & Usage Update, Water Testing Update, New Service Installation Status Update, Current Contractor Work Update, Maintenance/Repair Update
 - b) Sewer & Storm Drain – Jetting, Connections, Maintenance/Repair Update
3. Customer /Billing Reports – Water Sales, Water Usage, A/R Update, Customer Service Update
4. Financial Reports – Treasures L.A.I.F. Report, Internal Report, Administration Update

General Operations Reports were accepted as presented

CHECK LIST – September 2014. A motion was made by Adriana Melgoza and seconded by Ron Stefani to pay all bills presented. The motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT PARTICIPATING:	0	Directors:	None

ITEMS FOR THE NEXT MONTHS AGENDA: Tuesday, October 21, 2014 at 4:30 p.m.

CLOSE:

There being no further business, a motion was made by Betty MacMillan and seconded by Adriana Melgoza to adjourn to the next scheduled Board meeting; the motion carried by the following vote:

AYES:	5	Directors:	Stefani, Melgoza, Montejano, MacMillan and Lewis
NOES:	0	Directors:	None
ABSENT/NOT PARTICIPATING:	0	Directors:	None

The meeting adjourned at 5:15 p.m. until the next scheduled meeting.

Respectfully submitted by,

Approved by,

Lidia Santos
Secretary to the Board

David Lewis
President

Fact Sheet: Sustainable Groundwater Management Act

Act empowers local agencies to manage their groundwater resources

On **September 16, 2014**, Governor Jerry Brown signed a package of three bills, known as the **Sustainable Groundwater Management Act**, which provides a framework for improved groundwater management by local agencies. The three bills are **SB 1168** (Pavley), **SB 1319** (Pavley) and **AB 1739** (Dickinson).

Overview:

The Act provides local agencies with the tools to manage groundwater basins in a sustainable manner over the long-term and allows for limited state intervention when necessary to protect groundwater resources. More specifically, it establishes a definition of sustainable groundwater management, establishes local agencies to develop plans and implement strategies to sustainably manage groundwater resources, prioritizes basins with the greatest problems (ranked as high and medium priority), and sets a timeline for implementation.

Key dates:

- January 1, 2015 – Legislation goes into effect
- June 30, 2017 – Local groundwater sustainability agencies (GSAs) must be formed
- January 31, 2020 – Groundwater sustainability plans (GSPs) must be completed for basins in a critical condition of overdraft
- January 31, 2022 – GSPs must be completed in all other high- and medium-priority basins not currently in overdraft
- Twenty years after adoption of the GSP (2040 and 2042) – all high- and medium-priority groundwater basins must achieve sustainability

Key definitions:

- **“Sustainable groundwater management”** means management and use of groundwater in a manner that can be maintained during the planning and implementation horizon without causing undesirable results.
- **“Undesirable results”** means any of the following effects caused by groundwater conditions occurring throughout the basin:
 - Chronic lowering of groundwater levels, but excluding lowering of groundwater levels during a drought if it is otherwise managed;
 - Significant and unreasonable reductions in groundwater storage;
 - Significant and unreasonable seawater intrusion;
 - Significant and unreasonable degradation of water quality;
 - Significant and unreasonable land subsidence; and
 - Surface water depletions that have significant and unreasonable adverse impacts on beneficial uses.

Key provisions:

Protects water rights

- The legislation includes numerous provisions to protect water rights. Water Code section 10720.5(b) says that nothing in the legislation “determines or alters surface water rights or groundwater rights under common law or any provisions of law that determines or grants surface water rights.”

Promotes coordinated management of an entire groundwater basin

- Any local agency or combination of local agencies overlying a groundwater basin may form a GSA for the basin.
- In high- and medium-priority basins, GSAs will need to prepare GSPs which can build on the regions existing groundwater plans. (<http://www.water.ca.gov/groundwater/casgem/>).

Considers multiple stakeholder interests

- A GSA must consider the interests of a variety of different stakeholders, including beneficial users of water, environmental interests, disadvantaged communities, tribes and others, and conduct outreach to them.

Provides GSAs with new authority to responsibly manage groundwater

- GSAs can choose among numerous new tools and authorities, including the authority to conduct investigations, determine the sustainable yield of a groundwater basin, measure and limit extraction, impose fees for groundwater management and enforce the terms of a groundwater sustainability plan.

Respects regional differences and provides flexibility

- There is a wide diversity of conditions in groundwater basins throughout the state, so the legislation provides options for development of plans and avoids a “one size fits all” approach.
- Each basin can be covered by a single plan or by multiple plans and coordinated by a single coordination agreement that covers the entire basin. A region can modify the basin boundaries to suit the regional management needs.
- The development and adoption of GSPs is exempt from CEQA requirements.
- The California Department of Water Resources (DWR) may grant up to two 5-year extensions if the agency demonstrates a need for the extension and has demonstrated progress toward its sustainability goal.
- DWR will need to adopt regulations by June 1, 2016, regarding GSPs, coordination agreements and alternative plans and documentation.

Increases availability of information but ensures privacy protection

- The legislation limits the public release of all information related to individual groundwater pumpers, but provides aggregated groundwater information for a groundwater basin.
- After a GSP is adopted, a GSA will need to submit annual reports to DWR on the condition of the basin.

Provides state technical and financial assistance

- DWR will provide technical assistance to local agencies in the implementation of this legislation and to develop best management practices.
- \$100 million in grant funding is included in the pending Water Bond (Proposition 1) to be used for the development and implementation of groundwater management plans and projects.

Offers a reasonable level of state oversight and involvement

- DWR will review GSPs and their implementation.
 - Within two years of submission, DWR will evaluate and assess a GSP. DWR will evaluate each GSP or alternative at least every five years.
- The State Water Resources Control Board (SWRCB) can only intervene in a local area and develop an interim plan in limited circumstances:
 - When no local agency is willing to serve as a GSA (2017);
 - When a GSA does not complete a GSP (2020); or
 - When both the GSP is inadequate or not implemented to achieve sustainability and there is a condition of long term overdraft or significant depletion of interconnected surface waters (varies 2020, 2022, or 2025).
- SWRCB can assess fees to recover costs incurred in administering an unmanaged area or a probationary basin, which may include reporting requirements, investigations, facilitation, monitoring, hearings, enforcement and administrative costs.

Increases coordination between land use planning agencies and groundwater sustainability agencies

- Amends planning and zoning law to require increased coordination between land use planning agencies and groundwater sustainability agencies regarding groundwater plans and updates and modifications of General Plans.

Drought Watch: What If 2015 Is Dry?

POSTED BY : PUBLIC POLICY INSTITUTE OF CALIFORNIA NOVEMBER 5, 2014 IN LOCAL GOVERNMENT

By JEFFREY MOUNT, ELLEN HANAK, JAY LUND.

Three consecutive years of drought have depleted California's water storage, brought hardship to the agricultural sector, and led to stringent emergency conservation measures in cities throughout the state. In October, the National Oceanic and Atmospheric Administration released its [outlook for next winter](#), and the preliminary modeling suggests more of the same. So what, if anything, should the state do differently next year?

The State Water Resources Control Board, which administers water rights in California, is asking this very question. In May of this year, the board limited surface water diversions (a process called "curtailment") for thousands of water users for the first time since the 1976-77 drought. The board followed a century-old system that cuts back diversions based on the seniority of the water right. During curtailments, this system—often referred to as "first in time, first in right"—gives priority to those who have the longest history of water use or those who have property that lies along a river. Few, except perhaps those who were not asked to cut back, were happy with how this process went, so the board sought input on how to improve water allocation next year.

In collaboration with a number of our colleagues, we made recommendations to the board for improving the efficiency and fairness of the curtailment process. Our letter, [posted in full on the UC Davis Center for Watershed Science's Californiawaterblog.com](#), makes the following recommendations:

Modernize curtailments. Last year's approach was based upon limited information about available flows and water use. Because of this, the board was forced to curtail whole groups of water users, rather than identifying individual users based on their seniority. For example, on many rivers the board curtailed everyone who had a water right that post-dated 1914, the year our modern rights system was established. In the coming year, the board can significantly improve curtailments by taking advantage of existing tools that forecast flow and estimate location and amount of use.

In addition, this year the board did not undertake significant curtailments until late May, more than two months after the irrigation season began. We recommend that the board announce curtailments much earlier in the year so that water managers can better plan to seek alternative supplies or implement additional conservation actions.

Clarify policy on the environment and public health and safety. This year, the board, with some minor exceptions, chose not to specify the amount of water that should be set aside to protect public health and safety, nor did it set priorities for trade-offs between meeting environmental needs and satisfying water rights. If, as predicted, 2015 turns out to be dry, the board will need to confront these issues head on. We argue that the laws governing water use require the board to set and implement policies on these issues. In addition, we recommend that the board create an independent scientific advisory panel that would help to inform decisions about environmental trade-offs.

These changes will be useful, even if it rains this winter. Recurring droughts are a part of California's climate, and by modernizing how we allocate our water resources during times of scarcity we can be better prepared for the coming year—and future droughts.

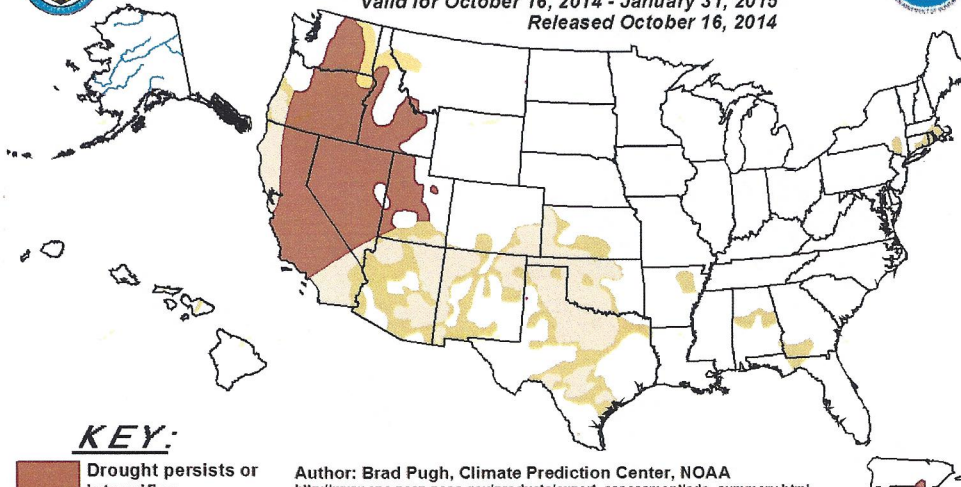

U.S. Seasonal Drought Outlook

Drought Tendency During the Valid Period

Valid for October 16, 2014 - January 31, 2015

Released October 16, 2014

KEY:

- Drought persists or intensifies
- Drought remains but improves
- Drought removal likely
- Drought development likely

Author: Brad Pugh, Climate Prediction Center, NOAA
http://www.cpc.ncep.noaa.gov/products/expert_assessment/sdo_summary.html

Depicts large-scale trends based on subjectively derived probabilities guided by short- and long-range statistical and dynamical forecasts. Short-term events -- such as individual storms -- cannot be accurately forecast more than a few days in advance. Use caution for applications -- such as crops -- that can be affected by such events. "Ongoing" drought areas are approximated from the Drought Monitor (D1 to D4 intensity). For weekly drought updates, see the latest U.S. Drought Monitor.

NOTE: The tan area areas imply at least a 1-category improvement in the Drought Monitor intensity levels by the end of the period although drought will remain. The Green areas imply drought removal by the end of the period (D0 or none)

Please visit <http://www.wrh.noaa.gov/mtr/droughtmtr.php> for more complete details on drought conditions across our area.

Key Points:

- A **weak** El Niño is expected to develop in the next 1-2 months, yet will likely have very little impact on our winter precipitation.
- Possible improvements in the Drought Outlook across our region are due strictly to climatology.
- It is unlikely that the drought conditions will be completely erased in one season as 2014 was a continuation of 2012/2013 dry conditions across California.
- Bottom line is that drought conditions are very likely to persist through the Winter Season despite the development of a weak El Niño.

Reminders:

Our office will host three webinars to cover the winter outlooks, El Niño, drought conditions, as well as local NWS product/service changes this winter, and a look at our partnership building opportunities and activities. Since space is limited, please contact [Logan Johnson](#) for the detailed information if you are interested in joining.

Groundwater laws flow down to county level

Dennis L. Taylor 5:51 p.m. PDT October 16, 2014

(Photo: The Salinas Californian)

CONNECT [1](#) [TWEET](#) [LINKEDIN](#) [COMMENT](#) [EMAIL](#) [MORE](#)

New laws require counties to develop special agencies to regulate groundwater pumping and develop plans to maintain sustainable water use, including the power to limit extraction. But what is that going to look like in Monterey County with its billions of dollars in irrigated crops?

On Tuesday the Monterey County Counsel's office will present a comprehensive report to the Board of Supervisors and seek direction on implementing the groundwater legislation. Leslie Girard, chief assistant county counsel, prepared a "board report" – a short explanation of what Supervisors can expect in an agenda item – but his office said Thursday that he was unavailable until Monday.

A voicemail left for his boss, Charles McKee, was not immediately returned Thursday.

The new groundwater legislation is actually a group of three bills signed into law by Gov. Jerry Brown on Sept. 16: SB 1168, AB 1739 and SB 1319. Collectively they require formation of local agencies, called Groundwater Sustainability Agencies, or GSAs. They will be charged with managing water basins in their jurisdictions.

Examples could be a GSA for the Salinas Valley basin, another for Monterey Peninsula groundwater sources or a countywide GSA; it will be up to local policy makers to devise a structure.

“Monterey County and the Monterey County Water Resources Agency, as separate public agencies, should consider what role, if any, they are to play in the implementation of the legislation,” Girard’s board report states.

If the county does not take the leadership in establishing GSAs or implement a groundwater sustainability plan, the laws allow for the state to step in and do it for them.

“If local agencies fail to act, or if a sustainability plan is inadequate or is not being implemented in a manner that the sustainability goal cannot be reached, the state has the ability to step in and act,” according to the board report.

Sustainable water use in Monterey County will have to include three major components: water quantity, water quality and seawater intrusion. The laws address “significant economic, social and environmental impacts due to an unsustainable and chronic pattern of groundwater extractions exceeding the ability of the surface water supplies to replenish the sub-basin,” according to language in the AB 1739 component of the laws.

By that definition, the Salinas Valley’s seawater intrusion problem has painted a bull’s eye on Monterey County. As growers and cities in the Salinas Valley have tapped groundwater – the only water source available – through the decades since the 1940s, freshwater elevations have declined, allowing for seawater to creep into freshwater supplies, particularly in the northern part of the county.

The laws have already set off political fireworks. Growers in the Salinas Valley are bristling at the idea of having GSAs curb their pumping, which would have a direct impact on their bottom lines. But while projects like the Salinas Valley Water Project and the Castroville Seawater Intrusion Project have begun returning some dividends in the battle against intrusion, the legislation requires sustainability plans to achieve their goals within 20 years.

Hydrologists say the only feasible way to halt or reverse intrusion is to raise groundwater levels, and without curbing groundwater pumping, that will be herculean task.

Gov. Brown Rebuilds Redevelopment

POSTED BY : [JOHN HRABE](#) OCTOBER 3, 2014 IN [LOCAL GOVERNMENT](#)

By John Hrabec.

Reversing his 2011 abolition of redevelopment, on Monday Gov. Jerry Brown signed into law two bills that will revive it, [Senate Bill 628 and Assembly Bill 229](#). He also vetoed a third redevelopment measure, [AB2280](#), he believed went too far by codifying an anti-poverty program into redevelopment law.

Property rights advocates opposed the trio of bills as bringing back eminent domain abuses and taxpayer-funded corporate handouts.

"Since redevelopment's abolishment in 2011, the Redevelopment Lobby has been advocating for a replacement that would bring politically connected developers back to the public money trough," said Nick Mirman, a grassroots activist with the California Alliance to Protect Private Property Rights, an influential property rights group that recently [released a radio ad campaign](#) against the measures. "If signed, these redevelopment bills will invite a return to the era of rampant eminent domain abuse and corporate welfare."

2011: Brown abolished redevelopment

Brown's signatures reversed his 2011 decision to abolish the state's redevelopment agencies. At that time, Brown gained \$1.5 billion in redevelopment funds to close the state's budget gap. And he said the state needed to move away from redevelopment agencies.

"Some of this redevelopment has been going on for 20, 30, even 40 years," Brown said, [according to the LA Times](#). "We've got a lot of the redevelopment thrust, and now we're going to have to move away from it or we're going to have to cut more deeply."

And just two years ago, City Journal reported, Brown [vetoed](#) "a slate of six bills that would have revived, in one form or another, California's redevelopment agencies."

AB229: Infrastructure and Revitalization Financing Districts

[AB229](#), authored by Assemblyman [John A. Perez](#), D-Los Angeles, would allow local governments to create [Infrastructure and Revitalization Financing Districts](#) to revive old military bases. According to the Legislative Counsel's digest, these districts could issue 30 years of debt with the approval of two-thirds of voters in the district. The California Alliance to Protect Private Property Rights contended, "IRFDs will have all the unchecked powers granted to [Redevelopment Agencies](#), including the unrestricted power of eminent domain to forcibly seize homes and small businesses on behalf of politically connected developers."

That position is [supported](#) by the California Taxpayers Association.

SB628: Redevelopment 2.0

Earlier this year, UT San Diego columnist [Steven Greenhut](#) warned the issue was "[back with a vengeance](#)." He is the author of a book on redevelopment, "[Abuse of Power: How the Government Misuses Eminent Domain](#)."

"Redevelopment offered wide latitude to publicly fund private development projects — and this bill could make it even wider," he wrote. "Redevelopment revivalists have promoted the use of Infrastructure Financing Districts as a partial replacement for the defunct agencies. This bill that puts those districts on steroids."

[SB628](#), authored by state Sen. [Jim Beall](#), D-San Jose, would revive redevelopment agencies under a new name, "Enhanced Infrastructure Financing Districts." These districts would be allowed to "finance public capital facilities or

other specified projects of community-wide significance" with the approval of 55 percent of voters in the district, according to the [legislative summary](#).

The influential Howard Jarvis Taxpayers Association called the proposal "Redevelopment 2.0 without any protections whatsoever."

AB2280: Community Revitalization and Investment Authority

The only bill vetoed by Brown was [Assembly Bill 2280](#), by Assemblyman [Luis Alejo](#), D-Salinas. The legislation would have allowed local governments [to create](#) a "Community Revitalization and Investment Authority in a disadvantaged community to fund specified activities."

According to the [California Planning and Development Report](#), "AB 2280 would revive redevelopment-style tax-increment financing in narrowly chosen urban areas, with 25% affordable housing set-asides. Those provisions are more reassuring to housing and local-government advocates but more likely to trigger the governor's opposition to former redevelopment mechanisms and his skepticism toward housing affordability restrictions."

In his [veto message](#), Brown said the bill went too far. "I applaud the author's efforts to create an economic development program, with voter approval, that focuses on disadvantaged communities and communities with high unemployment," he wrote. "The bill, however, unnecessarily vests this new program in redevelopment law. I look forward to working with the author to craft an appropriate legislative solution."

Redevelopment: History of abuses

Redevelopment agencies, which promise to revive blighted areas, have a long history of abusing property rights and granting sweetheart deals to developers. In the landmark case, *Kelo v. City of New London*, the U.S. Supreme Court allowed the city to seize the homes and property of Susette Kelo and her neighbors in Connecticut in order to provide a corporate welfare package to the pharmaceutical giant Pfizer, Inc.

"While Ms. Kelo and her neighbors lost their homes, the city and the state spent some \$78 million to bulldoze private property for high-end condos and other 'desirable' elements," the [Wall Street Journal](#) observed in 2009. "Instead, the wrecked and condemned neighborhood still stands vacant, without any of the touted tax benefits or job creation." Before they were abolished in 2011, California's redevelopment agencies were no better than those in New London.

"California's redevelopment agencies are some of the worst perpetrators of eminent domain abuse in the nation," said Christina Walsh of the Institute for Justice in 2011 as redevelopment was being abolished; the institute represented Kelo. "Until state legislators abolish these agencies, no private property owner in California is safe."

Now redevelopment is back.

**2014 MUNICIPAL SERVICE REVIEW
AND SPHERE OF INFLUENCE UPDATE
FOR THE CASTROVILLE COMMUNITY SERVICES DISTRICT**

Castroville Community Services District – At a Glance	
Formation Date	1952 as Castroville Water District 2008 as Castroville Community Services District
Legal Authority	Government Code Section 61000 et seq. (Community Services District law)
Board of Directors	Five at-large members, per Community Services District law
District Area	1.55 square miles, plus 1.0 square mile in the Moss Landing area
Population (est.)	7,012 within current District boundaries, plus an estimated 487 people in the Moss Landing area.
Authorized Powers	Water, sewer, storm water, recreation facilities, community recreation, street lighting, street maintenance, pest control, acquisition of land for habitat mitigation.
Budget (FY 2013-14)	\$1,461,000
Mission Statement	The Mission of the Castroville Community Service District is to provide quality services at the highest standard in the most effective manner.
Vision Statement	Dedicated to inclusive community involvement and providing excellent customer service while being recognized as a leading resource for enhancing the Community of Castroville, Moro Cojo and Moss Landing.
General Manager	J. Eric Tynan
Contact Information	11499 Geil Street Castroville, CA. 95012 831.633.2560
Website	CASTROVILLECSD.ORG

SUMMARY & RECOMMENDATIONS

This Municipal Service Review and Sphere of Influence Update provides information about the services and boundaries of the Castroville Community Services District. The report is for use by the Local Agency Formation Commission in conducting a statutorily required review and update process. The Cortese-Knox-Hertzberg Act requires that the Commission conduct periodic reviews and updates of Spheres of

RESOLUTION NO. 14-4

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
CASTROVILLE COMMUNITY SERVICES DISTRICT
TO ACCEPT AUDIT REPORT FOR FISCAL YEAR ENDED JUNE 30, 2014**

NOW, THEREFORE, the board of Directors ("Board") of the Castroville Community Services District ("District") resolves as follows:

Hereby resolves to accept the District's audit report for the fiscal year ended June 30, 2014, as prepared by Hinricher, Douglas, & Porter, Certified Public Accountants.

I hereby certify that the foregoing is a full, true and correct copy of a Resolution duly passed and adopted by the Board of Directors of the Castroville Community Services District, Monterey County, California, at a meeting thereof held on the 18th day of November, 2014, by the following vote:

AYES: Directors: _____

NOES: Directors: _____

ABSENT: Directors: _____

ATTEST:

APPROVED:

Lidia Santos, Secretary to the Board

Board Designee

Figure ML-10: Moss Landing County Sanitation District

4.2.2. CURRENT WASTEWATER TREATMENT CAPACITY ALLOCATION

The MLCSD provides sanitary sewer services to its five service areas based on a Coastal-Commission-certified Sewer Allocation Plan (SAP), which was adopted in November 1984. The SAP allocates a certain volume of sewer flow to each of the five service areas based upon existing land use, expected future growth, and allocations for future priority uses. This allocation system was ostensibly administered by the MLCSD as part of its billing process, but in the years since 1984, actual sewer service to each of the service areas has varied—sometimes significantly—from the SAP. Table ML-4 shows the original allocation by district and the current usage in each district:

Table ML-4. Wastewater Treatment Capacity

<u>District</u>	<u>1982 Allocation</u>	<u>Current Usage²</u>
1 -- Struve Road	34,250	20,000
2 -- North Harbor	10,100	11,076
3 -- The Island	14,000	22,765
4 -- The Heights	13,000	11,814
5 -- Downtown	33,650	43,420
<u>Total Allocation</u>	<u>105,000</u>	<u>109,075</u>

Source: County of Monterey; Moss Landing Community Services District, 2011

According to the table above, actual sewer system usage in Moss Landing exceeded the approved allocations set forth in the SAP by approximately 4,000 gallons per days (about four percent of total approved allocation). Overall, this is a fair outcome for a

² Note: current usage reflects actual use, plus sewer allocation reserved for future growth on undeveloped or under-developed properties (the MLCSD reserves 250 gallons per day for each vacant or under-utilized parcel).

plan that is 28 years old. On a district-by-district basis, however, there is significant variance between the approved allocation and actual usage. The biggest discrepancy between allocated and actual use is on Moss Landing Island, which has experienced significant development in the years since 1984.

4.2.3. TREATMENT SYSTEM CAPACITY

MRWPCA
According to the Monterey Regional Water Pollution Control Agency (MRWCA), the agency has sufficient treatment capacity to accommodate current uses, plus additional unused capacity that can accommodate future uses. According to agency staff, the MRWCA can treat approximately 280,000 gallons per day (GPD)—a significant increase over the capacity upon which the 1984 SAP was based. This is sufficient to accommodate proposed new and expanded uses in Moss Landing, including the addition of the Moss Landing Business Park to the urban service area.

4.2.4. FUTURE ALLOCATION

The Moss Landing SAP is in need of update to accommodate new and expanded development, address new technologies, account for existing usage, and retain space for vacant lots. Any new SAP should ensure that these Coastal Act priority uses are accommodated. One important component of any new SAP should be the expansion of the urban service area to include the Moss Landing Business Park. This would allow this use to connect to the sanitary sewer system and decommission septic systems, which in turn could improve water quality in Elkhorn and Moro Cojo Sloughs. The Monterey County Code requires all properties within two hundred feet of an existing sewer to connect to the sewer wherever possible. There is an existing sewer line along the Highway 1 corridor and Moss Landing Road that is within two hundred feet of the Business Park property.

Monterey County has estimated new sewer demand that would result from buildout of the land use plan discussed in Section 2.0 above. Table ML-5 summarizes estimated new sewer demand in Moss Landing.

Table ML-5. Estimated New Sewer Demand

Item No	Land Use Designation	Development Potential (sf)	Unit Demand (GPD/unit)	Total (GPD)	Development Potential (du)	¹ Unit Demand (GPD/unit)	Total (GPD)	TOTAL
Village Center								
1	Medium Density Residential	0	0.050	0	5	191	1,000	1,000
2	Light Commercial	5,880	0.050	300	6	191	1,100	1,400
3	Light Commercial	5,880	0.050	300	6	191	1,100	1,400
4	Light Commercial	6,530	0.050	300	7	191	1,300	1,600
5	Light Commercial	9,800	0.050	500	11	191	2,100	2,600
6	Light Commercial	58,930	0.050	2,900	0	191	0	2,900
7	Rec/Visitor Serving Commercial	16,740	0.050	800	0	191	0	800
8	Light Commercial and Educ./Scientific	30,000	0.050	1,500	0	191	0	1,500
9	Medium Density Residential	0	0.050	0	4	191	800	800
	Subtotal	133,760		6,600	39		7,400	14,000

Item No	Land Use Designation	Development Potential (sf)	Unit Demand (GPD/unit)	Total (GPD)	Development Potential (du)	¹ Unit Demand (GPD/unit)	Total (GPD)	TOTAL
Moss Landing Island								
10	Waterfront Industry (MBARI)	148,000	0.045	6,700	n/a	--	--	6,700
11	Waterfront Industry (MLML)	46,000	0.045	2,100	n/a	--	--	2,100
12	Waterfront Industry (Greggs Drilling)	11,000	0.045	500	n/a	--	--	500
13	Waterfront Industry (MLML Aquaculture Slab)	8,520	--	--	n/a	--	--	--
14	Waterfront Industry (Pier)	6,600	--	--	n/a	--	--	--
	Subtotal	220,120		9,300	0			9,300
North Harbor								
15	Rec/Visitor Serving Commercial	5,000	--	11,800	n/a	--	--	11,800
Moss Landing Business Park								
16	Heavy Industry	300,000	--	25,000	n/a	--	--	25,000
TOTAL		658,880		52,700	39		7,400	60,100

1,045 GPD/unit?

As shown in Table ML-4 above, buildout of the land use plan would generate approximately 60,100 GPD of new sewer effluent in Moss Landing. This estimate of new demand is the basis for revising the Sewer Allocation Plan (SAP) for Moss Landing. Table ML-6 shows the proposed revised SAP for Moss Landing.

Table ML-6. Proposed Revised Sewer Allocation Plan (GPD)

District		1982 Allocation	Current Usage	Added Allowance	Proposed New Allocation	Percent Increase
2	North Harbor	10,100	11,076	11,800	21,900	117%
3	The Island	14,000	22,765	9,300	23,300	66%
4	The Heights	13,000	11,814	0	13,000	0%
5	Downtown	33,650	43,420	14,000	47,650	42%
6	Moss Landing BP	0	0	25,000	25,000	--
	Subtotal	70,750	89,075	60,100	130,850	85%
1	Struve Road (outside of MLCP)	34,250	20,000	0	34,250	0%
	Contingency (10%)	0	--	6,010	6,010	--
	Total Allocation	105,000	109,075	66,110	171,110	63%

Source: County of Monterey; Moss Landing Community Services District, 2011

The proposed new SAP would represents a 63 percent expansion in the sewer allocation and accommodates existing uses in need of additional allocation as well addition of the Moss Landing Business Park into the urban service area.

4.2.5. WASTEWATER COLLECTION

According to the MRWCA, the sanitary sewer collection system is in good repair and capable of handling the proposed new SAP

CASTROVILLE COMMUNITY SERVICES DISTRICT

GENERAL MANAGER'S REPORT

NOVEMBER 21, 2014

❖ Regulatory Compliance

- ❑ No coliform violations (all routine samples negative) for October, 2014
- ❑ Submitted water quality reports to 7 large Water system customers
- ❑ Preparing CDPH Well permit for new well #5
- ❑ Preparing DWR Well permit for new well #5
- ❑ Preparing MCWRA Well permit for new well #5
- ❑ Regulatory documentation for CCSD sewer jetting activities
- ❑ Submitted California Integrated Water Quality "No spill" report for CCSD and Moss Landing
- ❑ Regulatory documentation for MLCSD sewer jetting activities
- ❑ Regulatory documentation for CCSD sewer jetting activities
- ❑ USGS in to sample wells #2 & #3

❖ Current Projects

- ❑ MLCSD Operations, see report in Board packet
- ❑ Address subsidence in roadway @ Seymour & Speegle
- ❑ Permit new Well 5 (formerly Well 2B) including CEQA documentation
- ❑ Install new SCADA system for MLCSD-95% complete
- ❑ Address Moss Landing sewer allocation plan
- ❑ Update sewer ordinances for CCSD and Moss Landing- Sept-2014
- ❑ Investigate blockage on Castroville Blvd sewer siphon
- ❑ Sewer cleaning, repair, video and maintenance program for CCSD
- ❑ Install and calibrate new well level transducers
- ❑ Assist NCP&RD with proposed tax measure – committee formed
- ❑ Painting Overpass abutments with Murals (NCP&RD)
Awaiting Caltrans approval,

❖ Completed Projects

- ❑ 4 Street lights out- reported to PG&E
- ❑ Installed 4 line reactors on Booster pumps
- ❑ Castroville Station install backflow protection on sprinkler system
- ❑ Implement new connection fee schedule for Zone 3 (Moss Landing)
- ❑ Implement Backwater Ordinance protection for entire sewer system
- ❑ MOI for Deep Water Desal
- ❑ Castroville cleanup with North County H.S. Bulldogs

❖ Upcoming Projects

- ❑ Well #3 replacement / rehab
- ❑ Review Moss Landing Sewer Allocation Plan
- ❑ Consider Desal opportunities
- ❑ Design Arsenic treatment for Well #5(formerly Well 2B)
- ❑ Design Washington sewer bypass line
- ❑ Rehab & repaint Castroville Overhead sign
- ❑ Implement Well 5 Arsenic treatment / mitigation

Meetings/Seminars (attended)

- ❑ Moss Landing Chamber Meeting re: O & M and CCSD consolidation with MLCSO
- ❑ Attended PCSD meeting to tour system-Eric
- ❑ Roberto Galvez inspected PCSD Lift Stations
- ❑ Board of Supervisors meeting re: Groundwater Sustainability Act
- ❑ Met with Judy Burditt and NMR&PD Ballot Committee re: tax measure for NCR&PD
- ❑ Monthly Chamber meetings
- ❑ Weekly Rotary meeting

❖ Meetings/Seminars (upcoming)

- ❑ Redevelopment Oversight Committee- Ron
- ❑ NMR&PD Ballot Committee re: tax measure for NCR&PD
- ❑ Meet with MRWPCA, County and North County Supervisor to determine fate of Moss Landing representation on MRWPCA Board (July 24th)
- ❑ MRWPCA representation for Castroville & Moss Landing systems
- ❑ CCSD to host TAMC ad-hoc committee meeting re: Hwy 156 improvements
- ❑ Special District Water Managers Meeting
- ❑ Meeting with Moss Landing Chamber re: undergrounding project
- ❑ Inter Agency Drought task force
- ❑ MRWPCA meetings - Ron
- ❑ Weekly and monthly Rotary meetings
- ❑ Monthly Chamber meetings
- ❑ TAMC HWY 156 Citizens Advisory Group (CAG)

❖ Improvements/Ideas/Suggestions

- Attain SDRMA District Transparency Certificate of Excellence
- Have office interior repainted
- Select areas for Saddle and lateral replacement program

OCTOBER 2014

GAL / KWH

Million Gallons

CASTROVILLE COMMUNITY SERVICES DISTRICT

OPERATIONS REPORT

Emergency calls for the month of October:

- a) Power failure/high level alarm @ Station 2.

Maintenance:

- a) Continue to exercise valves in the distribution system
- b) Continue to flush the fire hydrants.
- c) Run the stand-by engines at the water plant sites bi-weekly.
- d) Run the stand-by engines at the sewer lift station weekly.
- e) Documented/covered graffiti.
- f) Cosmetic site/station maintenance.
- g) Cleaned storm drains.
- h) Jetted sewer mains.
- i) Fixed 2 leaks on Del Monte.
- j) Backflow Prevention testing.
- k) New battery for generator at Del Monte Lift Station.
- l) Dug a new trench for Well Site 5's electrical.
- m) Added graphite to all Moss Landing locks.
- n) Sounded wells for adjustment of transducers.
- o) Installed new transducer at Station 4.
- p) Investigated/shot video of sewer breaks @ Tembladera and Sanchez.
- q) Investigated/shot video of sewer break on Del Monte.

Work Orders:

- | | |
|--------------------------------|----------------------------------|
| a) 48 Hour notices - 24 | g) Padlock Service - 3 |
| b) Final bill – read meter - 5 | h) Toilet Rebate inspection - 2 |
| c) Investigate - 1 | i) Reconnection - 3 |
| d) Miscellaneous - 5 | j) Shut Off - 3 |
| e) Install / Change Meter - 7 | k) TOTAL WORK ORDERS - 56 |
| f) Turn On Service - 1 | |

- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/2/2014
- ❑ installing SCADA (remote monitoring and control system) #3 – 100% online
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/9/2014
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/16/2014
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/23/2014
- ❑ Installed new traffic lid shock supports on station #3 lid
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/30/2014

❖ **LIFT STATION #4 (Potrero Rd)**

- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/2/2014
- ❑ installing SCADA (remote monitoring and control system) #4 -80% online
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/9/2014
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/16/2014
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/23/2014
- ❑ Did pump-down, alarm check, and general inspection of Lift Station 10/30/2014

❖ **JETTING ACTIVITIES**

- ❑ Jetted sewer lines btwn MH #40 to-MH #23
- ❑ Jetted sewer lines btwn MH #23 to-MH #22
- ❑ Jetted sewer lines btwn MH #21 to-MH #22
- ❑ Jetted sewer lines btwn MH #21 to-MH #20
- ❑ Jetted sewer lines btwn MH #46 to-MH #47
- ❑ Jetted sewer lines btwn MH #46 to-MH #CO
- ❑ Jetted sewer lines btwn MH #46 to-MH #55
- ❑ Jetted sewer lines btwn MH #47 to-MH #49
- ❑ Jetted sewer lines btwn MH #55 to-MH #CO

- ❑ Total jetted approx. 2500 feet

❖ **OTHER MATTERS**

- ❑ Responded to 3 Under ground Alert marking requests
- ❑ Uncovered and raised to grade manholes #28,#29,#30 & #14
- ❑ Perform Bi-annual inspection of grease traps @ various facilities
- ❑ Emailed notice of "no spill" to CIWQS 9-2-2014

❖ **Improvements/CIP/Suggestions**

- ❑ Need to confirm that county had disconnected 4 residences on Struve Rd that have illegal storm drain hook-ups to the sewer collection system
- ❑ Repair or replace 12-15 manholes that internal walls are failing
- ❑ Install new SCADA system on all Stations as Hydro-ranger level controllers are reaching end of useful life-5% out of order and unreliable (20% float control @ this time)
